It takes reasonable steps to release children's personal information only to service providers and third parties who can maintain the confidentiality, security and integrity of such information, and who provide assurances that they will maintain the information in such a manner.
8. SchoolJoy will retain personal information collected online from a child only as long as is reasonably necessary to fulfill the purpose for which the information was collected. It must delete such information using reasonable measures to protect against unauthorized access to, or use of, the information in connection with its deletion.
9. SchoolJoy will conduct annual training related to data privacy and security, including FERPA and COPPA requirements, for all employees responsible in whole or in part for design, production, development, operations and marketing of their products. Such training will include all employees who are directly or peripherally involved in collection, use, storage, disclosure or any other handling of data.
10. SchoolJoy will not make material changes to its privacy and security policies, including adding practices around new or additional data collection, or changes that may lessen the previously noted protections without prior notice to the school, separate from any notice in a "click wrap" agreement.
